## **Introduction**

The European Gym for Life Challenge will be organised every 2 years the day before EUROGYM. The challenge is open for everyone who is 12 years and older.

Regulations for the Challenge are based on the FIG regulations for the World Gym for Life Challenge.

### **Art. 1 General aims**

The objectives of the EGFL are as follows:

- To offer gymnastics groups the opportunity to participate in a Challenge and have their programme evaluated.
- To improve the quality of group performances by evaluating the performances and giving feedback to the groups, including advices on how to improve.
- To create an interesting and exciting event, both for the gymnasts and for the audience.
- To create another platform in the field of choreography and to distribute the “know how” to enhance the entire field of group performances/displays.
- To give more attention to group performances.

### **Art. 2 Terminology**

The name of the Challenge is “European Gym for Life Challenge” (EGFL) and is preceded by a numeral indicating which number in the sequence of events it is, and is followed by the year in which the Challenge takes place (e.g. 1<sup>st</sup> European Gym for Life Challenge 2018).

### **Art. 3 Responsibilities**

- 3.1** The EGFL is a European Gymnastics event.
- 3.2** The TC-GfA is responsible for the coordination of organisational matters.
- 3.3** The Organising Federation is appointed by the EC/European Gymnastics.
- 3.4** Only European Gymnastics member Federations will be taken into consideration as a candidate.
- 3.5** European Gymnastics and the Organising Federation will sign a contract stipulating the conditions to run the Challenge.

## **Art. 4 Format**

- 4.1** The EGFL will be organised every two years, in the even years right before the EUROGYM. If not possible, it might be organised as a separate event on proposal of the EC/ European Gymnastics.
- 4.2** The EGFL will last for 1-2 days, depending on the number of groups.
- 4.3** The Organiser of the EGFL is appointed by the EC/European Gymnastics. The organiser should promote the Challenge.

## **Art. 5 The programme of the EGFL**

The EGFL is organised in a Sports hall or a large place appropriate for the EGFL Challenge. It is organised according to the following programme:

- Welcome/Opening
- Challenge
- Award ceremony/Closing.

### **5.1 Welcome / Opening Ceremony**

Two representatives per group should march in behind the national flags. The European Gymnastics flag should be in front of the fanfare.

A short welcome speech should be held by the European Gymnastics President or his/her representative. The speaker must also welcome the groups, mentioning all participating National Federations.

### **5.2 Challenge**

#### **5.2.1 Venue**

The Challenge must take place indoors/outdoors with floor areas of 20mx30m in total. In the interest of a quick running of the event and depending on the number of groups, with or without apparatus, one area with roller mats and one area without any surface might be needed. When submitting the registration, each group must indicate which type of floor area they need (mats or no mats).

A preparation area is made available for the warm-up of the gymnasts (see Art. 5.2.12).

#### **5.2.2 Sound & lights**

The hall must have a high-quality sound and lighting equipment. Sound and light must be managed by a professional staff.

#### **5.2.3 Seats/tribune**

Seating for the audience and the participants must be provided (approximately 2000 people).

A special zone is defined for Evaluators and Feedbackers within the audience. Evaluators and Feedbackers need to be seated in an area with a good overview of the floor.

The Feedbackers must have an easy access to do the feedback with the coaches. A special quiet place is devoted to this (special room).

Evaluators must be sheltered from the audience to avoid unauthorized access to their paperwork.

#### **5.2.4 Meeting room**

A meeting room must be provided with a microphone and a beamer for Feedbackers and Evaluators one day before the Challenge (for some 15-20 persons) and also for the meeting with the Heads of Delegation and the Coaches (for at least 50 persons).

The meeting room for the Evaluators and Feedbackers must be close to the performance area.

#### **5.2.5 Accommodation**

The participants will be lodged in schools and hotels. The European Gymnastics members, the TC-GfA members, the Evaluators and Feedbackers will be lodged in hotels (at least 3\*\*\* hotels).

#### **5.2.6 Age**

The participants must be at least 12 years old.

#### **5.2.7 Time/Music**

The groups present a performance of a maximum of three minutes, including entering and exiting the stage.

If large apparatus are used, the group may use 1 minute for placing and removing the equipment. This minute is to be without music and is used ONLY for moving the equipment/apparatus. It is not considered part of the performance.

The music has to be delivered to the organisers two months in advance in order to be checked for quality and duration.

#### **5.2.8 Equipment**

The LOC has to provide standard portable gymnastics apparatus such as:

Rollable floor mats

Mini-trampolines

Landing mats

Air track/tumbling

The groups may ask for other standard gymnastics equipment in the registration form. Smaller props or special equipment have to be brought by the groups.

#### **5.2.9 Number of gymnasts in a group**

A group has to be composed of at least six gymnasts.

#### **5.2.10 Number of performances**

Each group presents its performance once and has it evaluated.

#### **5.2.11 Rehearsal**

The LOC shall offer time for a short rehearsal (4 minutes).

#### **5.2.12 Warming-up**

The LOC must provide an area for the warming up. This can be a hall or another area with a 20m x 30m floor and extra roller mats and standard portable gymnastics apparatus if the groups need it.

#### **5.2.13 Categories**

The main objective of the EGFL is to improve the quality of performances. The TC-GfA focuses on the “show effect” which means attractiveness for the spectators.

The number of categories depends on the number of groups.

The TC-GfA can change the format of categories depending on the number of registrations (e.g. large groups/small groups, etc.).

#### **5.2.14 Evaluation**

Each performance will be evaluated according to the following criteria:

- Entertainment value and overall impression
- Innovation, originality
- Technique, quality and safety
- Variety, diversity

All parts have equal value, up to 5 points per criterion.

The evaluation will be carried out by a panel of 4 experts who are experienced in the fields of performance, artistry, technique and choreography. This panel is selected by the TC-GfA.

The Evaluators will be directed by a supervisor before, during and after the event. The supervisor is appointed by the TC-GfA.

Each Evaluator has a total of 20 points, 5 per criteria. After each performance the Evaluators give the 4 scores/criteria and the total score. All scores are given independently. The 4 scores are added (maximum score is therefore 80).

#### **5.2.15 Results**

The scores will be used to establish an internal ranking list which **will not** be distributed.

All groups receive a bronze, silver or gold trophy/souvenir and a diploma, all gymnasts receive a medal and a diploma.

European Gymnastics will also hand out some special diplomas. The results will be announced and the prizes will be handed out after the Challenge. The European Gymnastics office will get one set of trophy/souvenir

#### **5.2.16 Feedback**

The Challenge will have a minimum of 3 Feedbackers, who must be experienced in choreography and have participated in an “advisory course” of the TC-GfA. The experts giving feedback will be appointed by the TC-GfA. The feedback includes positive points from the performance and recommendations on how the performance can be improved. The feedback will only be given to a coach or a choreographer.

The feedback will be given directly after the performance. Each coach/choreographer will meet the Feedbacker in a place indicated at the Coaches/Head of Delegation meeting.
