This question is explored in the Dutch Resistance Museum by showing the lives of people who made different choices. With a primary focus on the resistance. resistance because of that? Another important part of the Resistance Museum Amsterdam focuses on the Dutch colonial empire, the Dutch East Indies. There the population suffered terribly under the Japanese regime of terror. hebben sommige er uiteindelijk toch voor gekozen zich bij het verzet aan te sluiten? The Modern and Contemporary Art Museum Amsterdam is housed in a two-part building. The original building was designed by Dutch architect Adriaan Willem Weissman and completed in 1895. In 2012, a new wing—aptly nicknamed “the bathtub” for its polished white look and shape—was added to accommodate the ever-growing spatial needs of the museum. The impressive permanent collection features work by Henri Matisse, Andy Warhol, Jackson Pollock, Willem de Kooning and many others. Some of the most

famous pieces on display include Van Gogh's *Les bêcheurs* (1889), Appel's *Vragende Kinderen* (1949) and Chagall's *L'autoportrait aux sept doigts* (1912).
