

WORLD GYMNAESTRADA 2023

HOUSE RULES

In order to make the World Gymnaestrada 2023 a safe and successful event, we would like to pay attention to our house rules for participants and staff of the participating federations:

General house rules

- Always follow the instructions of the LOC Staff.
- You only get access to the accommodation with your accreditation. In case you have lost your accreditation, please contact your Head of Delegation.
- Aggression or racism is not allowed in any form. Please treat each other with respect.
- Please be quiet between 20:00 – 07:00 to make sure everyone can get a good night's rest. In case of any complaints or disturbance, the Head of Delegation will be informed. Access to the building may be denied if repeated.
- Smoking and/or vaping in the school is not allowed.
- Participants can't bring and/or use alcohol or drugs.
- You are not allowed to bring glass or to cook inside due to safety reasons.
- Make sure to drink enough water. In The Netherlands, tap water is clean and safe to drink.
- Please keep all the public areas clean. You are only allowed to eat in the public areas, not in the sleeping areas.
- Because of safety and privacy, cleaning services do not enter classrooms/bedrooms. It is your own responsibility to keep these areas clean and tidy.
- Treat the accommodation and its furniture neatly. When you leave, leave the rooms as you found them when you entered.
- Please don't wear outdoor shoes in the sports halls.
- Please be aware you can only bring fire resistant materials inside for decoration purposes.
- In case of an emergency, please contact: 085-1304314 (24/7 available). For all other (accommodation) matters, please contact the LOC Accommodation Team. You will receive their phone number on site.
- In case of any (social) security issues, please speak to your Head of Delegation or contact the independent confidants onsite (9.00 – 18.00 hrs).

THANK YOU FOR YOUR COOPERATION! WE ARE LOOKING FORWARD TO MEET YOU IN THE NETHERLANDS!
